Re: Northern Alarm Protection

To Whom It May Concern,

This letter is in reference to Northern Alarm Protection.

When our office was relocated in the summer of 2002 we felt it was time for our organization to invest in an alarm system. Ensuring the security of our office is a priority given that we possess important documentation that includes personal information on children and youth.

We choose Northern Alarm Protection to install and monitor our security system. Time has shown that we clearly made the right choice.

They have proven to be a company committed to good customer service with courteous staff. Their professional approach and understanding of our needs and limited resources as a not-for-profit organization demonstrated their commitment to us as a client. Dave Koziel's thorough approach to evaluating our needs gave us peace of mind that our resources and assets are protected.

I would highly recommend Northern Alarm Protection to any person or company seeking to purchase a security system.

Sincerely,

Scott Oakman
Executive Director.
